

WAR PERIOD TO END THIS WEEK.

Prediction is Given by Leaders
in the Senate.

Democratic Opposition is to be
Perfunctory.

Conferees Deadlocked on
Agricultural Measure.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 11.—Opposition to the war was opened today in the Senate on the Republican peace resolution.

Adoption of the resolution probably next Thursday or Friday was predicted privately by leaders on both sides. It will be given extensive rights of way beginning tomorrow and there were no indications of a prolonged debate.

Senator Underwood of Alabama, Democratic leader, stated that while most of the Democrats would "re-

sist" the resolution, there would be no obstruction nor many speeches.

CONFERENCE DISAGREE.
Senate and House conferees on the Agricultural Appropriation Bill reported a disagreement today. House conferees refused to accept Senator Comer's amendment establishing a new set of grades for cotton and the Senate amendment abolishing free seeds.

A vote will be taken on both sections in the House before the conference is resumed.

DYE BILL HELD UP.
The dye tariff bill, which was the vehicle of the introduction in the Senate of a letter from the publicity manager of the Dupont interests to Senator Moses, one of Maj. Gen. Leonard Wood's campaign managers, asking him to explain his opposition to the measure, was definitely laid aside today on motion of Senator Lodge of Massachusetts, the Republican leader.

The measure now goes to the Senate calendar and can be called up for consideration only by a majority vote of the Senate.

PROTECTION AT BATUM.
A resolution requesting President Wilson to send an American warship and marines to Batum, on the Black Sea, to protect American lives and property at that port and along the railroad to Baku, was reported unanimously today by the Senate Foreign Relations Committee.

Another bill proposing repeal of

all war laws was introduced today by Senator Jones, Republican, of Washington. It was to be effective upon enactment.

Democratic members of the House War and Marine Committee notified today by Chairman Fordney that the soldier relief legislation will be ready for consideration by the committee Thursday.

The House today passed the Sunday Civil Appropriation Bill carrying approximately \$20,000,000, more than two-thirds of which will go for payment of war-risk compensation claims. The appropriation also covers the cost of transporting bodies of American war dead from Europe.

TOWN RESISTING REBELS' ATTACK.

(Continued from First Page.)

remained in doubt. Official advice threw no light on his present whereabouts. He was variously reported, unofficially, as having fled to a refuge after escaping from the hands of his captors.

The supercilious Oklahoma was en route from New York to Key West tonight, but reports from Capt. Long, commanding the destroyer force now distributed along the east coast of Mexico, told of no disorder. The movement of the battleships was being watched with additional precautionary measures.

TELLS OF FIGHT.
A report tonight to revolutionary agents here, received in a roundabout way, told of the fight between a force sent out by Gen. Candido Aguilar, son-in-law of Carranza, and Juan Merino, commanding an escort on one of President Carranza's trains.

Merino was reported to have raised the flag of revolt and after engaging Aguilar's troops near Cordoba, to have made his way southward to Jolito, Guadalupe Sanchez, a rebel leader.

The report added that Merino and Sanchez were in pursuit of the Federal commanders said to have remained loyal to Carranza.

UNDERSTANDING REACHED.
Revolutionary forces construed the selection of Juan Sanchez Azcona as Minister of Foreign Affairs in the preliminary organization of the revolutionary government, a post left vacant when the organization was effected April 23, as further indication that Gen. Obregon and Pablo Gonzalez, former rival candidates for the Presidency, had reached an understanding. Azcona was campaign manager for Gonzalez.

The attitude of Manuel Palafox, throughout Carranza's administration, the defacto ruler of the oil district south of Tampico, was being watched here with particular interest.

The majority of reports, official and unofficial, have indicated his support of the movement that forces Carranza from power, but it was suggested that until this was confirmed he could not be counted on from the list of potential opponents of the new government.

Wire communications with the Mexican capital has been resumed, but the censorship apparently has been rigidly applied.

MILLIONAIRE STAGES DARING SEA RESCUE.

(EXCLUSIVE DISPATCH.)

SEATTLE, May 11.—H. F. Alexander, multimillionaire and president of the Pacific Steamship Company of Seattle, was the central figure in a daring rescue at sea last Sunday off the California coast when he leaped over the side of his team yacht Aquila in a small boat and went to the rescue of Andrew Petrie, boatman of the yacht.

Petrie was carried overboard by an immense wave. Alexander was in the salon and witnessed the accident. Running from the salon, he took the rail in a jump and dove. Captain Marquard signalled full speed astern and the millionaire and his boatman were on the side by the crew. News of the daring rescue was received here today in a long telegram to Mrs. Petrie.

Alexander and a party of friends were on their way from Seattle to San Francisco to attend the National Foreign Trade Convention. They arrived there last night.

PREDICTS POOR RAIL SERVICE FOR MONTHS.

UNSATISFACTORY TRANSPORTATION IS HINDERING FORECAST; COUNSELS PATIENCE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 11.—Transportation services for months to come less satisfactory than during Federal control, was forecast tonight by Director General Hines, in what he termed a laudatory situation, before the National Press Club. He counseled public patience and co-operation by the corporate owners and labor. Without these, he said, prospect of successful restoration of adequate service was materially lessened.

Mr. Hines, who plans to retire as Director-General next week, said the principal problem is the broad question of financing. He estimated the annual needs of the roads conservatively at \$1,000,000,000 for new equipment, extension of facilities and the general rehabilitation of the properties.

Need of a rate structure which would put the roads on a self-sustaining basis was described by the Director-General as of supreme importance.

Four Japs Die From Eating Sauerkraut.
(BY A. P. NIGHT WIRE.)

SAN DIEGO, May 11.—News of the death of four Japanese fishermen of ptomaine poisoning at an isolated lobster camp, twenty miles north of Turtle Beach, California, was brought here today by the schooner Peerless. According to Capt. Madruga of the Peerless, the lobster camp crew found a gallon can of sauerkraut floating in the breakers and four of the men ate from it. Despite the warnings of a fifth man. Three of the fishermen died within a few hours, after suffering great agony, and the fourth died soon after being taken aboard the Peerless.

The dead were: A. Yamazaki, owner of the camp; T. Yamamoto, Y. Yamazaki and Y. Yamoto. They were employed by the Keystone Fish Company of this city.

HOWELLS GONE INTO ELYSIUM.

(EXCLUSIVE DISPATCH.)

NEW YORK, May 11.—After a severe illness due to an attack of influenza, William Dean Howells, one of America's most distinguished contributors to the literature, died here today. He was 83 years old.

Mr. Howells returned about four weeks ago from Savannah, where he had spent the winter. It was while in the South that he was seized with influenza and he never fully recovered.

Mr. Howells was born on March 1, 1837, the son of William Howells. He was descended on his father's side of a long line of Welsh Quakers. His birthplace was at Martin's Ferry, Belmont county, O., and much of the early life of the author is reflected in his story "The Boy's Town," one of the most human and warm of the writings of Mr. Howells.

A CITY PRINTER.
Mr. Howells graduated from the university that has produced more distinguished Americans than any other—the country printing office. One may pick up knowledge of anything and everything in such a place, from type to literature and statesmanship, said Mr. Howells' father being a country editor, he had all the advantages such an institution of learning has to offer.

As a lad, William Dean stuck type, edited the items from Lane's, Shady Glen and Hor Waller's. He was a printer's apprentice at the Hamilton (O.) Weekly Intelligencer.

He spent his spare time reading poetry and at the age of 12 had composed a number of verses. Several of his own construction. In 1849 the elder Howells bought the Dayton Transcript and changed it to the Daily Field. William's editorial work was enlarged. He made quite a reputation in Ohio.

He was a member of the editorial staff of 19 went to Columbus as the correspondent of the Cincinnati Gazette. There he met the attention of the owner of the State Journal, who gave him a job as news editor.

While engaged with editorial work in the Ohio capital, he found time to write several poems which were not to be counted on from the list of potential opponents of the new government.

Wire communications with the Mexican capital has been resumed, but the censorship apparently has been rigidly applied.

The majority of reports, official and unofficial, have indicated his support of the movement that forces Carranza from power, but it was suggested that until this was confirmed he could not be counted on from the list of potential opponents of the new government.

AUSTRALIA IN DEBT AND WITH NO ASSETS.

Treasurer Asserts Common-
wealth Owes Three Hun-
dred Million Pounds.

BY CABLE AND ASSOCIATED PRESS.
LONDON, May 11.—W. A. Watt, Treasurer of the Australian Commonwealth, in an interview here today, said Australia had piled up a debt of 300,000,000 pounds and had no assets beyond the morale of its people. Australia had contracted a debt of 60 pounds per capita through the war. Canada's debt was only 30 pounds per capita, he added, and whereas, before the war was a debt of nation, she now was a creditor.

Mr. Watt said the situation in the Pacific was very delicate, owing to the attitude of Japan, which had tried unsuccessfully at the Peace Conference to insure equality of races in all Allied and associated countries, which would have given the Japanese free entry into any Allied territories. Having failed in this, Japan apparently had by diplomatic means delayed the issue of a mandate to the Australian government for the Pacific Islands, which would give to that government power to enforce restrictions on immigration.

U. OF C. FACULTY SALARIES ARE BOOSTED BY BOARD OF REGENTS.

(BY A. P. NIGHT WIRE.)

BERKELEY, May 11.—Provision for a salary scale for the faculty at the University of California varying from \$1000 to \$1500 a year, and of instructors ranging from \$1000 to \$1500, was adopted today. The new scale was provided for in the 1920-21 budget which had been adopted by the Board of Regents at its meeting on April 10.

Announcement that the budget carried an increase of \$100,000 over the last appropriation for the branch of the university in Southern California also was contained in the document. It said further that \$75,000 had been provided in a previous allowance for professors appointed since 1915, who did not work under the Carnegie Foundation.

The Southern California appropriation was intended to "make a valid type of collegiate institution for freshmen and sophomores," it was announced. It also was stated that the budget carried the highest total appropriation in the history of the university and carried a large deficit made necessary by the demands of the university for the coming fiscal year.

BLAME PLACED ON CONDUCTOR.

Espee Endeavors to Fix Responsibility for Wreck.

Inquiry Shows that Train Crew was Negligent.

Find Serious Discrepancy in Men's Depositions.

(BY A. P. DAY WIRE.)

PORTLAND, May 11.—Had Conductor Austin Pharis and other members of the crew of Southern Pacific Electric train No. 124 been alert at their post of duty the head-on collision with the outgoing electric passenger, which took a toll of nine killed and many injured, would have been averted near Bertha Station Sunday morning.

This fact was developed today by oral testimony and through actual tests made at the scene of the tragedy under the direction of the official board of inquiry called by the Southern Pacific Company to fix the responsibility for the wreck.

This fact and the death early this morning of Miss Camille Doech, society editor of the Oregonian, were the main developments in the wreck aftermath today. Miss Doech's death came as a shock to the community, as she was one of Portland's best-known women. Miss Doech will be buried tomorrow with her little nephew, the son of the man who was killed at the same time.

The official inquiry continued through the afternoon, and simultaneously funerals of the other victims were being held in undertaking chapels and churches.

O. O. Johnson, conductor of the outbound passenger No. 107, gave much of the testimony which tended to fix the responsibility upon the shoulders of Conductor Pharis and brakeman Buch.

CONDUCTOR'S BUSINESS.
"It is the conductor's business to see that the other train is in the siding at the time of the collision," testified Conductor Johnson, who escaped from the collision with slight bruising.

"You feel, then, that the conductor shares the responsibility with the engineer?" he was asked.
"Yes," was the answer, "those are the rules."

Conductor Johnson then testified that had he been the conductor of the other train he would have been certain that train No. 124 was in the siding at the time of the collision, and would have placed before he allowed his train to proceed.

"If the engineer had failed to stop, I would have pulled the emergency air cord myself," he testified. In the draw, the bill would require all coastwise shipping to be entirely American owned.

Senator Thomas, Democrat, Colorado, said such legislation was to provoke retaliatory actions by foreign governments. Great Britain had attempted such discrimination, but was compelled to abandon the effort, he said.

Chairman Jones of the Commerce Committee and Senator Calder, Republican of New York, defended the plan.

"If there is any nation that is in a position to carry on a war of retaliation, it is the United States," Senator Jones said. He added that the provision would make Manila the great distributing center for the Orient and assure American ships cargoes on home trips. The British Ambassador had been instructed to transmit a copy of this bill to British authorities, according to London dispatches, Senator Jones said.

It was evident Great Britain was taking steps to look after her own interests. This action, he said, shows that Great Britain will leave nothing undone to prevent discrimination against her interest.

Senator Lenroot, Republican, Wisconsin, moved to eliminate portions of a committee amendment authorizing such rates for carrying mail on American ships as will aid the development of a merchant marine, saving he was opposed to giving any such unlimited powers to grant subsidies. Senator Lenroot's proposal was opposed, however, by Senator Jones, Senator Calder and Minority Leader Underwood, the latter pointing out that virtually all the foreign ships that pass through the Panama Canal receive some form of subsidy from their governments.

No action was taken by the committee today.

PAY LITTLE ATTENTION TO HUNGARY'S TREATY.

(BY CABLE. EXCLUSIVE DISPATCH.)
LONDON, May 11.—The British attach little importance to the threat of Hungary that it will refuse to sign the treaty. The threat is regarded as made with reference to the political situation in Hungary. Apponyi may resign, but Hungary will sign.

A similar attitude is taken by Britain toward the reported reluctance of the Turks to sign, but it is not expected that they will.

WASHINGTON, May 11.—Opposition to the proposed extension of coastwise navigation laws to the Philippines continued in the Senate today when consideration of the merchant marine bill was resumed. As now drawn, the bill would require all coastwise shipping to be entirely American owned.

Senator Thomas, Democrat, Colorado, said such legislation was to provoke retaliatory actions by foreign governments. Great Britain had attempted such discrimination, but was compelled to abandon the effort, he said.

Chairman Jones of the Commerce Committee and Senator Calder, Republican of New York, defended the plan.

RESOLUTION FOR PEACE OPPOSED.

Senator McCumber Delivers Scathing Arraignment.

Blames Both President and Knox Plan Promoters.

Change of Administration Inevitable, He Predicts.

(BY A. P. DAY WIRE.)

WASHINGTON, May 11.—Opening the fight against the Republican plan to end the state of war by joint resolution of Congress, Senator McCumber of North Dakota, a Republican member of the Senate Foreign Relations Committee, declared in the Senate today that such a step would bring dishonor upon the nation, as it would involve desertion of America's associates in the war.

The Senator advocated his resolution proposing restoration of commercial relations with Germany, but said he realized that it would be useless to press this measure.

"The majority on this side of the chamber," he declared, "purpose to force the acceptance of the resolutions adopted by the Senate without the change of a single word or letter."

"The majority on the other side, in obedience to the will of the President, have resolved to make the League of Nations a political issue."

"This administration has made many mistakes, but all will become insignificant compared with the colossal blunder of making the President an individual and autocratic stand on the League of Nations a political issue."

"If this were the only issue the President would stand alone in his determination to subvert the will of the nation to his individual conviction on this important national question."

"But you cannot make the League of Nations the real issue in this case. If it were I would be greatly concerned for the success of my own party."

SOUNDS GRAVE NOTE.
"The thought of the people of this country is engrossed with the complexities that surround us. We stand almost helpless while debts, national, state, municipal and industrial, are piling mountain high. We behold idleness ever increasing, production dangerously decreasing, currency becoming more and more inflated, the yoke of taxation ever growing more great and the cost of all necessities of life ever advancing. We are living in the midst of strikes and threats of strike."

"The very atmosphere is poisoned with Socialism's infectious breath, while anarchy, fanned by hate and

envy, awaits only the opportunity to work a reign of hell which today is consuming agonized Russia."

"The war is not the cause of this threatening situation. The American people today are the victims of the new system of purchasing political support by enacting purely class legislation."

"The American people want to get back as nearly as possible to normal conditions, and they will attempt it by an overwhelming vote in the next elections for a change in administration, and they will do this, treaty or no treaty, peace resolution or no peace resolution, League of Nations or no League of Nations."

Senator McCumber challenged many contentions of Senator Knox, made in the former Secretary of State's opening address last week in support of the resolution. While agreeing that Congress has the power to repeal resolutions declaring a state of war, he denied vigorously that peace actually existed.

"If we are at peace with Germany," he asked, "then why on earth is this solemn force being enacted in the Senate of the United States?"

Many great questions arising from the war, including German property and American claims, would be left unsettled by a declaration of peace, Senator McCumber declared.

"I recognize that the President is more responsible than any one man for the failure to enter into a common treaty. He knew that the Senate had a right to make reservations. He should have accepted them and our allies would have adopted them."

We refused to join the Allies in consummating this agreement, but while we seek to compel Germany to assure us all of the benefits and all of the rights which would accrue to us, we decline to accept any of the responsibilities of the treaty.

"No argument no matter how cunningly devised or eloquently presented, can hide the deformity involved in this course."

BANKS PROTEST TAXATION.
NEW ORLEANS, May 11.—Resolutions protesting against additional taxation to raise funds for soldier bonus plans in Congress were adopted at a meeting today of New Orleans banks, commercial bodies and industrial plants.

CORSETS AND CLOTHES

There is not the woman but will be interested in these sketches from the world-famed House of Lucile which conclusively show that the fashionable woman need make no radical changes in her corsetry. Naturalness is still the keynote.

Inseparable!

And so, each season is asked—"What are the corset styles? I must know before I buy my new clothes."

For this Spring and Summer be assured that the well-dressed woman will not be obviously corseted—the corset will still be bought with the precious idea of accentuating the natural beauty of the figure. Fashion asks—no, demands—a well-poised, beautifully-proportioned figure with that natural grace of movement that only the perfect comfort of the right corset can assure.

This vogue for naturalness has resulted in an even fuller appreciation of the superiority of

GOSSARD CORSETS

In these original front-lacing corsets was developed and perfected the principle of designing special garments to meet the individual needs of the varying figure types. They skillfully express your personality and assure you that distinction of style which is the charm of the admired woman. Over such a foundation the Lucile models we picture find perfect expression to the minutest detail of that subtle accent at the waist that is one of the distinguishing marks of the Spring and Summer clothes from the leading style creators.

Every Gossard is worth every cent you pay for it; worth it in style; worth it in comfort; worth it in wearing service.

Those stores in Los Angeles where you have charge accounts sell Gossards, and without exception offer you the expert attention of highly specialized corsetiers who will take a personal pride in your satisfaction.

Look for the name **Gossard** on the inside of the corset. It is your guarantee of the original.

GIRLS DETAIL NIGHT ATTACKS.

Charge Elderly Man Operated in "Bluebeard" Region.

Court Thrilled by Stories of Terrifying Assaults.

Mistaken Identity is Long Beach Man's Defense.

The events of two terrifying nights, related to a jury in Judge McCormick's court yesterday by Miss Lucille Sims and Miss Leah Cross, young girls, brought a thrill to the spectators. The stories revolved around John Gavin, an elderly man, who is charged with attacking Miss Sims while she was on her way home alone, and with a more serious offense in the case of Miss Cross.

The two charges are being tried by the same jury. Miss Sims' case being first called. She testified that Nov. 14, 1919, Gavin, whom she subsequently identified at the Long Beach police station, seized her, tried to kiss her, and as she fought him threw her on the ground. She said he tore her clothes, but ran away when her screams brought her brother to the rescue.

Miss Cross began her story and will complete it this morning. She said she was walking with an escort, Albert Patton, Jan. 11, last, near the scene of "Bluebeard" Watson's activities at Long Beach, when Gavin appeared and menaced them with a revolver and compelled her to bid Patton. While he was trying to help her on the ground she saw Gavin assaulted her.

Gavin asserts it is a case of mistaken identity. Both girls say he is the man and they recognized him by his moustache, voice, gray suit and quick walk. He is represented by Attorneys Todd and Patton, Dep. Dist. Atty. Powell is prosecuting. Two of the twelve jurors are women.

AMITY LEAGUE TO RUN TWO FILM MAGAZINES.

CO-OPERATION WITH BRITAIN PRAISED AT LUNCHEON GIVEN BY LETTS.

A motion-picture weekly and an international weekly magazine will soon be started here according to plans announced yesterday at a luncheon at the Broadway Cafe given by Arthur Letts to the American Amity League. The purpose of the two weeklies will be to promote the cause of the league and relieve any friction that may arise between England and the United States.

The league was formed here recently by Arthur Letts of New York for the purpose of showing through the films the actual conditions existing in both countries. The magazine feature was conceived by him a short time ago and according to the announcement will be the highest order will be obtained to supply articles in the first issue which will appear on July 4, four Presidential candidates and four

PORT OF ENTRY VICTORY NEAR.

After Years of Agitation on City's Behalf Examination Is Ordered.

After years of effort by the Chamber of Commerce to have Los Angeles made a regular port of entry, action was taken yesterday by the Labor Department at Washington, at the instigation of Representative Osborn, which may lead to success. The Representative wired the conference with the acting Secretary of Labor and the Commissioner-General of Immigration he yesterday morning obtained the decision of the Labor Department "to fully examine into conditions of Los Angeles, with favorable inclination toward making it a regular port of entry."

Statesmen of England will have articles.

Many expressions of approval of the move to co-operate with Great Britain were heard. The speakers endorsed the League of Nations and expressed their regret that it has not been accepted by this country. Former Senator Flint was chairman at the luncheon.

Other speakers were Rev. J. Whitcomb Broun, Capt. W. Temple, O. Critchlow of Utah, Prof. F. J. Klingberg of the University of California, Arthur Letts, Raymond Blight and Arthur Levey. Mr. Letts, as one of the officers of the association, will appoint committees to carry out the work of the organization.

PIONEER GROCER DEAD.

Early Days Recalled by Passing of Gerald W. Porter.

Early days of Los Angeles are recalled with the death yesterday afternoon at his residence, 220 West Fifty-fifth street, of Gerald W. Porter, for the last thirty-two years a grocer of this city. Mr. Porter first entered the grocery business in 1888 at Twelfth and Olive streets as a member of the firm of Porter and Hine. Since then he has conducted his business continually, except for two years which he joined the Alaskan gold rush. He sold his store at Fifty-fourth and Moneta early in February of this year. Yesterday he died at the age of 59 years and one day, leaving a widow and married daughter in Los Angeles.

REVOKES COMMISSION.

"Zehner Wants to Play Politics," Says Sheriff as He Acts.

The special deputy sheriff's commission of Edward D. Zehner, former undersheriff, recently discharged by Sheriff China, was revoked yesterday. "He wants to play politics," said the Sheriff, "so I am giving him plenty of room."

SOCIETY.

BY VIRGINIA WOODS.

For Mr. and Mrs. Huntington.
In honor of Mr. and Mrs. Henry
B. Huntington, who are to sail for
Europe in July, Mr. and Mrs. James
Calhoun Drake are entertaining at
dinner this evening. Plates are set
for twelve.

For Admiral and Mrs. Williams.
Judge and Mrs. Albert Miller
Stephens of 611 South Kingsley
drive are giving a dinner party to-
morrow evening in honor of Vice-
Admiral and Mrs. Clarence Williams.
The table is to be adorned with a
bowl of Los Angeles roses and plates
will be arranged for Mr. and Mrs.
Wesley Clark, Mr. and Mrs. C. Q.
Stanton, Mr. and Mrs. Eugene A.
Hawkins, Mr. and Mrs. William
Mead Orr, Mrs. Madison W. Stewart,
Mrs. M. E. Landis.

Pretty Wedding.
Before an altar of pink roses and
ferns, Miss Helen Fowler of South
Pasadena and Mr. E. N. Eldred of
Los Angeles were married last
evening at the Highland Park Pres-
byterian Church by Dr. P. G. Living-
ston. The bride is a daughter of Mr.
and Mrs. J. W. Fowler of 1717 South
Fair Oaks avenue, South Pasadena,
and is a sister of Ward Fowler,
sporting editor of The Times. Mr.
Eldred, who is a chemist, is a son
of Mrs. C. Wolf of New York.

The bride was lovely in her gown
of white satin made up with some
rare old lace that adorned her
mother's wedding gown. She wore a
long tulle veil fastened with a
wreath of blossoms and her shower
bouquet was of white sweet peas
and lilies of the valley. Miss Kath-
erine West was maid of honor and
wore a frock of lavender organdie
and carried an arm bouquet of pink
roses and lavender sweet peas. Miss
Ruth Fowler was bridesmaid and
wore pink organdie. Her flowers
were also pink roses and lavender
sweet peas. Mr. Carlton Armitage
was best man and the ushers were
Messrs. Robert Hadden, Bruce Kirk-
patrick and Cyril Cooper. Immedi-
ately after the ceremony a recep-
tion for fifty guests was held at the
Fowler home.

Mr. and Mrs. Buchanan.
Mr. and Mrs. Thompson Buchanan
are expected home tonight from
Santa Barbara and on Friday morn-
ing are to preside at a dinner party.

For Mrs. Wood.
Mrs. Eric Fisher Wood (Vers de
Ropp) of New York is the motif for
a tea this afternoon at which her
is entertaining a company of friends.
Mother, Baroness Alfred de Ropp,
and young matrons.

Entertain at Luncheon.
Mrs. Leonard Hirsch and Mrs.
Ralph Wolf are luncheon hostesses
today, entertaining a small company
at the South Hobart Boulevard
home of the former in honor of Mrs.
Clarence Williams, wife of Vice-
Admiral Williams, and for Mrs.
Madison W. Stewart.

In Santa Barbara.
Friends of Mr. and Mrs. Robert
Hayne, whose marriage was an
event of last winter in the East,
will be interested to learn that they
are in Santa Barbara, handsomely
domiciled and are building a mag-
nificent summer home in Montecito.
Mrs. Hayne was formerly Mrs. Ralph
Williams of this city.

Bridge Tea.
In honor of her sister, Mrs.
James Albert Phillips, who is short-
ly leaving for South America, Mrs.
Frank Walsh of Hobart Boulevard
entertained at a bridge tea for six-
teen members of Mrs. Phillips' bridge
club. On the day before Mrs. Wal-
sh gave a luncheon at the Los
Angeles Country Club in honor of
Miss Laura McKinstry, a visitor
from San Francisco, who is now at
the Hotel Alexandria. Mrs. Walsh
has just returned from a six months
trip to El Paso with her daughter,
Mrs. Charles Nebeker and in Wash-
ington, D. C., with her son, Capt.
Overton Walsh, who is with the
Nineteenth Field Artillery. Mr.
and Mrs. Nebeker and children will
spend June with Mr. and Mrs.
Walsh.

For Mrs. Scarborough.
Mrs. James G. Scarborough, Jr.,
(Eleanor Workman) was the inspi-
ration for the pretty tea that Mrs.
Woods R. Woolwine and her daugh-
ter-in-law, Mrs. Claire R. Woolwine,
gave yesterday afternoon for an as-
semblage of girls and young ma-
trons.

Dinner Party.
Mrs. John Percival Jones is to be
honored guest at a small dinner that
Mr. and Mrs. William Workman
are to give on Saturday evening.
Mr. and Mrs. George Fussell, who
are to sail shortly for France, are
also to be there, and so will Mr. and
Mrs. Frederick MacMonnies.

By Mr. Bain.
Mr. and Mrs. Edwin Jessup Mar-
shall and their son, Mr. Marcus
Marshall, were especially compli-
mented by Mr. Ferdinand R. Bain
at the dinner he gave last evening.
Other guests were Mrs. Mary Wilcox
Longstreet, Mrs. Edwin T. Earl, Mrs.
Charles H. Sharp, Mrs. Jaro von
Schmidt and Mr. Dudley.

Amateur Players.
The May performance of the Am-
ateur Players to be held tonight and
tomorrow night at the Little Theater
promises to bring out a fashionable
crowd—most of whom will entertain
at dinner parties previously. Among
these hostesses for this evening are:
Mrs. John Percival Jones, who is to
entertain a company of eight. Mr.
and Mrs. Frederick Klump, who
have twelve guests. Mr. and Mrs.
Michael Regan are to entertain and
will have a small party and so will Dr. and Mrs.
L. L. Krebs. Others having parties
include Mr. and Mrs. Erasmus Wil-
son, Charles Lantz, Mr. and Mrs.
Sumner P. Hunt, Mrs. H. S. Waring
and Miss Waring, Mrs. Robert Pi-
catrini, Mr. and Mrs. Neil Brown and
many others.

There are to be three perfor-
mances. "Moonlight," a delightful
one-word play in which Alfred Hol-
lingsworth, who wrote it, will take
the leading role and direct.

In the "Open Door" Miss Mildred
Chapman will play the role of Lady
Farrington and David McCartney
will take the part of Sir Geoffrey
Transton.

In "Enter the Hero," Miss Janet
Frederick will take the part of a
romantic young girl. Miss Mary
Deckweiler is the irresponsible
young sister and Mrs. Isidore B.
Deckweiler is the mother. After the
show there will be supper and
dancing on the stage. The Thursday
evening performance is expected to
be well attended.

PEN POINT

BY THE STAFF.
The call is for work.
And it's as urgent as it was for
fighters.

More work or less food.
Too many people are starving.
Too many are doing nothing but
riding around in automobiles.

Unless there is a return to work
there will be a return to soup
kitchen.

Who will get the overall work
this fall?

Some of the Presidential elec-
tion stand in need of a rally.
More people would go abroad if
it was not considered necessary to
invest \$50 in a traveling cap.

Whoever the Democrats nominate
for President in San Francisco will
have to run a long distance.

Why worry about the other elec-
tion? Let us start this old world
going. That is likely to be a task.

It is evident that Secretary of
State Colby's mind travels along the
single track with President Wilson.
We hear of no disturbance.

If an American landlady owned
the place we don't know but it would
be sufficient punishment to allow the
ex-Kaiser to remain at home.

When the liquor plank in the San
Francisco convention is under con-
sideration may look for a lot of
stuttering among the candidates.

Every once in a while we see a
young woman with shoes having
broad heels. It is unnecessary to
ask any questions. Father taught
her.

It is said that the up-to-date girl
will soon use the airplane as her
business. In that case the busi-
ness of the police canister will be
a fiver.

With the railroads in the hands
of the people who own them, we
wonder if William Gibbs McAdoo has
turned in that pass good for lunch
and his entire family?

A friend of ours who could give
the best advice as to how many
ought to be used never had in mind
to give a concentration of just how
he meant on the question.

A bill has been introduced in the
Senate to abolish the Postmaster
General. And by a Missouri Demo-
crat, too. Nobody loves Albert B.
Burleson.

The next thing we know there
will be an accident insurance com-
pany where a man falls down and
lacerates his hip with his
glass. So much for profits.

Why should railroad men have
special consideration in wages?
Nobody else seems to have the
nerve to threaten to resign the
country in re-act to their demands
not complied with.

The situation in Germany was
last subject of discussion at the
Free Bittern in a West Third
harbor shop the other night. The
unanimously decided that the
Kaiser ought to be sent to the
land of Yap.

The Japanese Diet is all bent
the efforts to give women the
rights in that country. It is a
the Japanese are not favorable to
the advancement of the sex in
particular. They are a good
like the Democrats in the Senate.

It is now possible to get a dinner
for five persons that will not cost
to exceed 20 cents. Now! The
amount of black-eyed peas and
with a pinch of salt and a dash of
oleomargarine will do the trick.
Of course, if you do not have
black-eyed peas the recipe is all
wrong.

There never was a time when
trained architects were more in
demand. Following the building
age has come an appreciation of
fact that any house, however
small, should be a masterpiece.
Everywhere is shown an appre-
tiation that nothing is impossible
to the architect of taste and skill.

It seems to be settled that if the
Congress is to pass legislation
the exorbitant business of the
shall be raised by taxation and
by the issue of bonds. The
mentioned in connection with
plan is in excess of \$1,000,000.
A mighty sum when the
condition of the country is
considered.

DOWN AND OUT
HE "CAME BACK"
Seattle Man Didn't
to Be Well Again.
Gained Thirty Pounds
Taking Tonic.
Is Back on Job
Fine, Now.

"I count myself lucky that
Tanlac," said William West,
Third avenue, Seattle, a former
employee of the New World
Hotel, "for the medicine has
and truly built me up and I
like a new man."
"Why, at the time I began
Tanlac I was all down and out
now I am enjoying the best
health and have gained twenty
pounds in weight in two
months."

"About seven years ago I
each got out of order and
kept multiplying my troubles
like nearly everything else in
the world. My appetite was
entirely gone and I could not
without bloating terribly and
ing so much pain from
that I could hardly stand on
my back and kidneys were
ing me, rheumatism and
was in pain all over. I
bent over and ached and
aches and dizzy spells
could hardly stand on my
legs ached so I had to
that every step I took was
and many a night I could
on account of my nervous
misery. I lost weight and
ing down until I had to
job and thought I was
longer for this world."

"So Tanlac has given me
good chance in my life and
what it can do. I began to
right from the start and in
weeks I was on my feet and
stomach simply took food
now and I don't know of
has a keener appetite and
gustation than I have. I am
prized at my weight and
weight and like a new man.
I have been eating ever since I
up rapidly ever since I had
first bottle of Tanlac. I am
a pain of any kind and
longer nervous and I am
a child every night and
child I did even for years
troubles started. After
such wonderful results I
could not do otherwise than
mend Tanlac."

Tanlac is sold in Los Angeles

HUNT "BLUEBEARD'S" LOOT.
Officers Quiz Wife-Killer in Vain Effort
to Recover Nine Victims' Property.

An effort by Deputy Sheriff Couts and Bell failed yesterday to get from "Bluebeard" Gillingham a statement as to what he did with the property of the nine women he has killed. In his various statements, also, and in his confession to the District Attorney, the man has evaded all inquiries about this property. His silence was maintained when the deputies told him they had found the keys to his secret safe deposit box in Canada and that the receptacle will be opened.
In his statement made to the authorities last Friday and released yesterday Gillingham described in detail his methods of playing his many "wives." He said he killed Mrs. Andrewacht by pushing her into Lake Washington and holding her under water with his hands. Then he pushed her out into the depths with a stick.
Bertha Goodnick he said he slew without provocation; that he killed her on the edge of the lake, hid her body in the bushes until dusk, returned at night in a boat, tied the body behind the boat with a rope, towed it out into deep water, then cut the rope and sank it.
Agnes Wilson, whom he first denied having killed with the statement that she had run away with a soldier, he beat to death with an ax on Lake Washington. He finished by throwing rocks at her dead body and then sank the body in the lake.
Another woman he pushed over the falls of the Spokane River (this is believed to have been Marie A. Mott) and the other, probably Eleanor Franter, he killed with a rock and pushed into Lake George.
Regarding the disappearance of Mrs. M. A. Watt of Winnipeg, he denied that he had killed her. Deputy Sheriff Couts he later admitted he had killed her, and again denied the murder yesterday. The deputy sheriff said Mrs. Watson, fearing the Canadian authorities will seek to extradite him to Canada, is endeavoring to cover up this slaying. They think he has not yet confessed all his killings.
"Bluebeard" admitted having married Mattie Irene Root, Mrs. Golden-Smith and Mrs. H. L. Gordon. He denied having married Mrs. Emily J. Rose, Mrs. James Creamer, Mrs. Jack Hilton, Aluma Estelle Schneider and Mrs. Minnie Ballow.
He admitted having robbed the bodies of the women he had slain. He took all rings and jewelry from them and stripped them of their clothes, later using their as bait for other women. He said he has used the following aliases: Charles Newton, Harmon C. Anderson, C. I. I. Gordon, J. P. Watson, H. L. Gordon, J. Lawrence, Walter Andrew.

Gordon Lawrence, Harry Lewis, James Watson, Louis Hilton and Butler.
CHAMPION LIAR.
The statement of Friday bears out the reports of the four aliases that Gillingham has the champion "pathological liar." Statements which he made Friday were totally contradicted by those he made Saturday.
On Friday he said he was born and raised in Texas and that he was adopted by a family named Watson. This was shown to be a falsehood.
He said his first legal wife was Kathryn Kruse Watson, though his latter confession, since corroborated, stated he married a Coffeyville (Kan.) girl about seventeen years ago. A former resident of Topeka, who refused to divulge his own name, told Deputy Sheriff Bell last night he knew "Bluebeard" in Topeka. He is about seventeen years ago. He will visit him at the hospital today.
"He was known as J. W. Gillingham," the person stated, "and for six months conducted a mail order business and collection agency in Topeka. He had recently married a young woman in Coffeyville. On several occasions he tried to coax me to enter business with him, but I refused for he was a peculiar person, though only about 25 years old at that time. After six months he suddenly disappeared and I was later informed he had committed suicide."

Gillingham stated that when he left Kansas he told his young wife he was going to end his life.
He was visited during the day by Mrs. Elizabeth Williams, one of the women he married. She later denied statements that there had been a demonstration of affection in the meeting and said her mail was concerned with her plans to annul the adoption of her 7-year-old daughter by Gillingham. However, she gave him \$1.50, a tooth brush and some tooth paste.
The person is engaged in writing his "memoirs," which he plans to sell to a newspaper syndicate for \$115.
Last Saturday, it transpired yesterday, he gave his attorney five wedding rings, each representing a woman he had murdered. "That is only half of them," he said. "Where the other five are I cannot remember."

Sheriff Cline received during the afternoon a communication from the father of Alice Davidson, one of the murdered women, asking that an attempt be made to find \$1000 in War Savings Stamps that belonged to her.
The prisoner will be taken to San Quentin Friday or Saturday. Yesterday he expressed indignation that he must travel in an ordinary sleeping car.

ANIMAL CHARGES FAIL

S.P.C.A. Annual Couldn't Legally be Held but Fight Comes Off.

Although it was found that the annual meeting of the Society for the Prevention of Cruelty to Animals could not be held yesterday because the bylaws provide for it to take place the second Tuesday in June, the factions went ahead and had their fight in the Alexandria ballroom with the result that a resolution, which the "insurgents" declared was "pushed through," was passed recording emphatic disapproval of the charges made by the "insurgents" and "the methods employed by their sponsors to give them publicity to the grave detriment of the society." When it was made known that the annual meeting could not legally be held, and that therefore the election of officers and other business must be deferred, there were many objections, but these were quashed by the simple method of turning out the lights.

The meeting practically resolved itself into an attack upon Dr. Richard M. Scott, chief veterinary officer, but the resolution absolved him for it stated that the "proponents of the charges have failed to justify their actions by the presentation of any substantial proof in support of their accusations." Mrs. Anita Baldwin was praised by both sides for the work she has done for the society.

Charges that the meeting had been packed to "prevent an open, unbiased discussion of the situation" were made by the "rebels" led by Mrs. Frances Lyons, Mrs. A. J. Madison and Mrs. Frances Gardwell, who were represented by Attorney Charles E. Haas. They stated that their accusations were not directed against Mrs. Baldwin, but against Dr. Scott for cruelty to animals at the emergency stations.

and for alleged manipulation of funds.

"Dr. Scott threw sixteen cats against a stone wall," was one of the charges made by Attorney Haas. "It has been shown," he added "that Mrs. Baldwin is not involved in these charges and that her work has been appreciated. Our one thought is for the animals. We demand that Dr. Scott be removed."

Dr. Scott spoke generally of the need to advance the operations of the society, and practically ignored the charges. He commended Mrs. Baldwin's work.

Capt. Harry Insley, Leo D. Daza, L. C. Dodson and Barney Goss, all from Victory Post, American Legion, praised the present administration, and Mr. Goss introduced the resolution that was subsequently adopted.

TO WED IN NORTH.

Prominent Young People Secure License in San Francisco.

Word was received by telegram from San Francisco yesterday telling of the issuance of a marriage license there to Lloyd E. Greppin, 29, of Los Angeles, son of Ernest H. Greppin, managing director of Blake, Mott & Towne, and Miss Ruth O. Sellers, 21, also of Los Angeles.

Lloyd Greppin has been in the north for several months and in San Francisco these or four weeks on business. Miss Sellers went to San Francisco last Saturday, ostensibly on her way East to visit friends and relatives. Mr. Greppin last night denied all knowledge of any plans for his son's marriage. Mrs. Adda Z. Sellers, mother of the girl, was amount \$528 is scheduled as exempt.

HERE ON WALK AROUND WORLD.

Ex-Canadian Highlander Strolls in on Hike to Take Forty Years.

On the first lap of a pilgrimage around the world, which he estimates will take him forty years, John F. Lenny, late of the Forty-eighth Canadian Highlanders, passed through Los Angeles yesterday headed for Seattle. Lenny, who is American born, started from New York a year ago. He has walked across the southern portion of the United States, covering more than 3500 miles and incidentally collecting a bookful of postmarks of the cities and towns he has passed through.

Lenny said yesterday that he plans to walk north to Washington and thence across the Northern States to New York, N. J. He plans then to begin a pedestrian tour of South America. As the years roll by, he says, he will walk around the rest of the world.

HAT Logan

"Whether it's cold or whether it's hot, you'll have to wear it, whether or not."

Then cool May days suggest a CLOTH HAT for "fill-in"—you can always use one to change—and it gets along with your overcoat than summer straw.

It would, however, be well to get your STRAW for hot weather NOW—'cause we're getting so many that indications are that there won't be half as much to go around."

\$50 for a name!

One of our clients wants a name for a breakfast food they are putting up. They offer a prize of \$50 for the best name for their product, or adaptation of the name it is now being sold under. This offer is open to everyone. All answers must be mailed by May 15th.

Here's their present line. The center package is the one to be named.

Here Is the Information to Work From:

The food in question is a cereal and is now being sold under the name of California Fig-Nuts de Luxe. Both Figs and Nuts enter into the food. It is ready to serve without cooking. Simply place in a saucer, adding sugar and cream. It is essentially a breakfast food. The company has decided that the new name must embody the words "California Fig Nuts," but as they manufacture several other "Fig-Nuts" products words must be added to this name to convey its use and make it distinctive.

We suggest that you secure a package of this breakfast food and try it before you submit your name for this cereal. This is not obligatory, however.

In the event of several persons giving the name decided on by the judges to be the one to be used, the prize will be divided equally among the winners.

All replies must be addressed "Cereals," P. O. Box J, Arcade Station, Los Angeles, and mailed under first-class postage. Replies received in any other way will be disregarded. The judges of these names will be the General Manager of the Cereal Company, the Advertising Director of the Western Lithograph Company and the Editor of the Commercial Bulletin.

MAIL YOUR ANSWER ON THIS COUPON.

Big Fires Are Small Blazes Neglected!

Call a fireman while the blaze is small
and you will never have YOUR big fire

PEOPLE cannot be depended upon to act logically—sensibly under the emergency of fire. Even the strongest-minded are powerfully influenced by the dread of fire inherent in all mankind, and often commit the most costly mistakes in their attempts at extinguishment.

And the tiny, creeping flame at night—it is a malignant germ of destruction which growing unseen attains within a few brief moments the glowing heat of a furnace and a lightning speed of progression.

The discipline and technical skill of the fireman are the only dependable and effective combatants of the deadly power of flame. The greatest safeguard against conflagration is a system of positive notification of the Fire Department at the first sign of fire.

Fire Detection Service Calls Fire Headquarters at the Outbreak of the Fire

When the first, small flames curl upward, Fire Detection Service sends the call for help to Fire Headquarters. A company of men proven in their devotion to duty, practised in the difficult technique of fire-fighting are on their way at once. The blaze is reached and quenched before it gains headway, holding losses at a minimum and with negligible heat, smoke and water damages.

Fire Detection Service is a 24-hour vigilance against fire. Responsible central station observers are on duty every hour of day and night. Upon their desks are indicating instruments connected by direct wires with the F. D. S. electrical equipment on subscribers' premises. The F. D. S. circuits reach every fire bay and protect every part of the property.

In the event of fire, the observer at the central station receives an immediate alarm and indication of exact location. This is relayed to the municipal Fire Department. Sirens outside the threatened building sound, and indicators in the entrances reveal at a glance the location of the fire danger.

Precision Instruments Under Central Station Supervision Signal Fire Conditions

The F. D. S. fire intelligence circuits are precision instruments which infallibly register fire conditions. They are even more positive in action than the telephone receiver and as simple

in construction. The continuous responsiveness of the F. D. S. apparatus is assured by constant electrical test maintained by the central station. No part of the F. D. S. circuit can go out of action without an instant trouble indication to the observer.

Fire Detection Service achieves infallibility through the combination of positive-acting mechanism and human supervision. A tireless vigilance impossible to secure through human faculties is maintained by electrical detection apparatus and constant supervision by human intelligence renders mechanical failure improbable—and immediately known should it occur.

The National A. D. T. Organization Maintains F. D. S. Central Stations

In every principal city of the United States, A. D. T. has a long record of success in the operation of burglar protection systems and night watch service. A. D. T. has the organization, personnel and experience to develop the highest efficiency of the F. D. S. equipment.

The national extent and financial strength of A. D. T. and F. D. S. organizations, assure every subscriber continuous service and responsible maintenance and management.

Fire Detection Service wipes out the hazard of fire by making neglect of small blazes impossible. It brings a fire station within quick call of every subscriber's premises and—

FIRE DETECTION SERVICE

EVERY part of each F. D. S. circuit is under constant electrical test and cannot become inoperative without turning in a trouble alarm at the central station.

A. D. T. central station service insures 24-hour supervision by a trained personnel—and immediate response to every fire or trouble alarm.

The F. D. S. detector is an electric thermopile. Its action is governed by a well-known law of physics. It is inherently compensating to normal rises in temperature. There are no adjustments, no moving parts and no fumble metal to become crystallized and inefficient.

Foreign Government Bonds

Once in a Generation
and only after exhausting wars have nations been able to pay back their bonds. It is possible to buy foreign bonds at bargain prices. Investors who purchased British and English bonds after the war, United States bonds after the Civil War or Spanish bonds after the Spanish-American War, have realized larger profits than could be made in ordinary times. Government Bonds of Great Britain, France and Belgium offer possibilities of profit ranging from 18% to 178% on the original investment. The Pioneer Bond House in Foreign Bonds on the Pacific Coast.

The Investment Opportunity of a Lifetime

Price levels for high-grade securities have never before been as low as at present—except under financial conditions brought on by major wars or similar disturbing causes.

Our last extremely low price levels comparable to those of today occurred following Civil War.

As conditions become normal, it will not be possible to purchase thoroughly safe securities at the present extremely low prices.

We strongly urge our clients to take advantage of present opportunities.

A black and white photograph showing a close-up of a ship's hull. The text "Main 3687" is painted in a bold, sans-serif font on a light-colored surface. Below the text, there is a dark, curved line, possibly a porthole or a structural joint. The foreground is dark and out of focus, showing what appears to be the ship's deck or other parts of the hull.

They are the Guard of your Car

They do mighty important work. That's why it pays to keep them fit. Dixon's is the best known antidote for gear troubles. It gets into the tiny depressions found on all gear surfaces and forms a smooth, slippery veneer that puts friction and noise clear out of commission.

DIXON'S Gear LUBRICANT

The minute you start using Dixon's you'll notice its superiority over plain oil and grease. You'll find it cuts down noise, increases power, saves fuel, and sweetens up your car all round. Dixon's can't "squeeze out" under pressure. And it isn't affected by heat or cold like ordinary lubricants.

Your dealer will tell you why you should use Dixon's in your transmission or differential. Ask him about it.

Seen under a powerful magnifying glass an unstoppered razor blade looks like a saw edge

Stropping keeps the tiny teeth of the blade in perfect alignment—provides a smooth, keen edge for every shave

A safety razor and stropping device combined in one

YOUR own particular shaving difficulty—doesn't it really revert to a dulling razor blade?

That annoying pull when the razor fails to cut cleanly—the painful scraping that often results when you bear down too hard—the bother and expense of putting in a new blade every so often—all these troubles can be traced directly to a razor blade that has lost its first keen edge.

No shaving edge can keep its original keenness for more than a few shaves—without stropping.

Stropping—that's the real secret of shaving comfort!

Look at a razor edge under a microscope and you will see hundreds of tiny saw teeth. More than 1500 of these teeth have been counted on an ordinary safety razor blade. Shaving bends these saw teeth out of line, makes them irregular. These irregular teeth catch in the beard, pull the tiny hair follicles and scrape the skin. That's what usually makes shaving so unpleasant, so annoying.

You don't need to put up with the discomfort of fast dulling blades—nor with the bother and expense of putting in a blade every so often. You can insure a fresh, keen edge for every shave if you use the AutoStrop Razor.

A new, sharp, shaving edge every day

Built right into the frame of the AutoStrop Razor is a remarkable self-stropping device—simple and efficient—which renews the fine, keen edge of the AutoStrop blade day after day.

You don't have to take the razor apart nor even remove the blade. Just slip the strop through the razor head, and move the razor back and forth along the

strop. In 10 seconds you have a new sharp, shaving edge. 500 cool, comfortable shaves are guaranteed from every dozen AutoStrop blades.

Don't put up any longer with the pull and scrape of unstoppered blades. Begin tomorrow to get the comfort of a "new," sharp, shaving edge every morning. Ask your dealer about the AutoStrop Razor free trial plan.

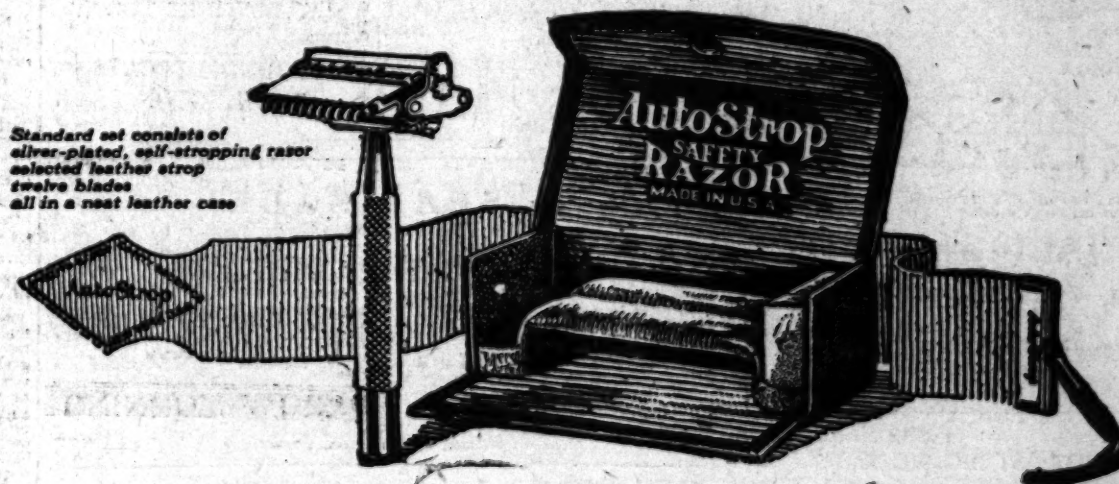

Like the leaf of a book

The AutoStrop Razor blade opens for cleaning like the leaf of a book. To clean, simply rinse and dry. No parts to unscrew—nothing to take apart and reassemble. The same lever that releases the blade adjusts it for close or medium shaving.

You can shave in 3 minutes

In 10 seconds you can renew the fine, keen edge of the AutoStrop Razor blade. It takes less than half a minute to dry the razor after using. With the AutoStrop Razor you can get a complete shave—cool and comfortable—all in 3 minutes' time.

Standard set consists of silver-plated, self-stropping razor selected leather strop twelve blades all in a neat leather case

—Right in the heart of one of the most desirable and attractive residence sections of Los Angeles—West Boulevard Heights.

—30 minutes or less from downtown by either of two excellent street car lines—(West Washington, or West Adams.)

—The property is already built up to beautiful homes.

—There are just a few scattering lots here and there (less than a hundred, all told) that were not sold when the property was put on the market eight or nine years ago. From that day to this no effort has been made to sell them.

Now you can buy them for less than original subdivision prices. The syndicate that owns them has instructed us to close them out at once.

DR. STEVENS IS HERE ON VISIT.

Episcopal Coadjutor-Elect Not Decided Yet.

Expects to Make Announcement Early Next Week.

To Visit Parishes as Guest of Bishop Johnson.

Dr. William Bertrand Stevens, who was unanimously elected coadjutor-bishop of the Episcopal Diocese of Los Angeles last Thursday, arrived yesterday with Mrs. Stevens to spend a week or more here as guests of Bishop Johnson in Pasadena. Dr. Stevens said yesterday that he has not yet fully decided whether or not to accept the position, but expects to announce his decision early next week before returning to San Antonio.

Dr. Stevens was at the Parish House yesterday afternoon with the bishop. Today and tomorrow he will meet some of the local Episcopal clergymen and then will go with Bishop Johnson to San Diego, where he will visit the Bishop's School for Girls at La Jolla and meet the San Diego clergymen. He will return to Pasadena Monday, and soon afterward will announce his decision.

Dr. Stevens is delighted with Southern California, and expressed himself as being impressed with the bigness of the opportunity and the field for Christian service. He is a comparatively young man, about 35 years of age. He is a native of Lewiston, Me., and a graduate of Bates College of that city. He received the degree of B.A. at Bates, M.A. at Columbia, Ph.D. at New York University and B.D. at Cambridge Theological Seminary. He was curator of Holy Trinity Church, New York, and later rector of St. Ann's Church, New York. Since February, 1915, he has been rector of St. Mark's Church, San Antonio. He has a strong and attractive personality and a record of zealous and efficient work.

DIRECTORS ELECTED AT ANNUAL MEETING.

LOCAL Y.M.C.A. LEADS IN CONTEST FOR NEW MEMBERS. GAINS TWELVE HUNDRED.

Election of seven directors of the Los Angeles Y.M.C.A. took place last night at the annual meeting of members of the association held in the auditorium of the central branch on South Hope street. Five directors were re-elected. They were George F. Bidwell, E. P. Clark, E. E. Eichart, A. P. Fleming and Steele W. Mudd. The names of C. I. D. Moore of the Pacific Mutual Company and W. F. Holt, formerly of Imperial Valley, were the new members elected to the board.

It was stated that election of officers by the directors will take place next Friday, at 8:15 p.m. At that time D. E. Luther, general secretary, will make his annual report. Reports made at the annual members' dinner of secretaries, officers and members of the Y.M.C.A. show that the membership now approximates 8000 men and boys and that an annual roll of \$250,000 is being used for a staff of thirty-five secretaries and 150 employees. It was stated that Los Angeles continues to lead in the intercity membership contest, with San Francisco 800 points behind. The local Y.M.C.A. has gained 1200 new members since the contest began on April 1.

LEGION AFTER MEMBERS

Hopes to Secure Every Man Who is Eligible to Join.

The week from the 17th to the 22nd of this month is to be devoted to a drive in additional members in the American Legion throughout the nation. The National Executive Committee plans this to be the first and last drive for the organization and hopes to gather in every man eligible to membership.

Los Angeles Post No. 8 is already the largest Legion Post in the United States and plans active co-operation. Workers will be notified and the precinct drives will start at 7:30 the evening of the 18th inst.

This attempt at mobilization will serve to show how quickly the men of the Legion might be called together in case of an emergency.

SOCIETY GIRLS AID SALVATION LASSIES.

DR. JAMES A. FRANCIS BOOSTS DRIVE FOR HOME SERVICE FUNDS HERE.

One hundred business men and returned service men of the American Legion met yesterday at luncheon to open the campaign for the Salvation Army home service fund for \$125,190.

Dr. Francis particularly called for the active co-operation of every former doughboy in this city, in return for what the Salvation Army lassies and their famous doughnuts had been to them in France.

The volunteer committee of the Elks report that they are already at work and promise to do their share for the Salvation Army by the end of the week.

Twenty doughnut stands opened for business on the downtown streets yesterday morning, each manned by society women and Salvation Army lassies. Doughnuts were sold to swell the Salvation Army fund.

Five teams of American Legion doughboys spent yesterday in the residential districts. The service of these members of the American Legion was made possible by the volunteer offer of their employers to allow them to take the time off with full pay during the entire drive.

Doughnuts are being sold at full speed from the booths on the downtown streets.

Gifts Electrical for the June Bride's Home

And the ideal place to get them is Hamburger's. For here it is that you have a wide selection, conveniently arranged for choosing just the proper gift.

The following suggestions are beautiful, yet practical—the kind of gifts that will remain pleasantly in the June bride's mind long after the strains of the wedding march have died away, and the bride's bouquet has withered.

Today the Bride cooks with electricity—this beautiful percolator is nickel-plated in beautiful designs and popular sizes. It is priced 16.50.

Electric fans mean solid comfort after the honeymoon—these have many features which recommend them as gifts and they are priced from 12.00 to 42.50.

A teakettle which sings its way into the heart of every bride is priced 18.00—and is, of course, electrically operated.

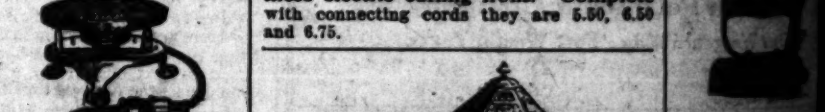

Bridal breakfasts are greatly enhanced when the bread is toasted right at the table with one of these electrical toasters. Without the toast rack—7.25.

To restore health and vigor—or better still—to PRESERVE them—an electric vibrator is invaluable. Very helpful for facial massage. The one illustrated is 5.00.

The Bride Herself will appreciate these electric curling irons. Complete with connecting cords they are 5.50, 6.50 and 7.75.

For the honeymoon, these disc hot plates are indispensable. There are two here—one at 7.50 and a more elaborate one at 10.25.

Fry, broil, boil and toast—and all with this electric grill as illustrated. It cooks two foods at once. Cooking utensils are nicely nickel-plated. The price is 13.50.

For the Library Reading Lamp, the Bride will come to Hamburger's to choose from the vast and complete assortment. The prices range from 12.50 to 115.00.

Hotpoint boudoir and 3-point iron and attachment for curling tongs, also curling iron, inverting stand. Packed in a bag it costs 3.75.

Drop cords—five feet of green and yellow electric wire cord with plug socket and green shade, an indispensable accessory for the well ordered household. Price complete, 1.50.

Rest assured—the Bride will expect an electric suction sweeper and the most superior one we could find to put at the disposal of our patrons is "The Hoover." It beats as it sweeps and gets ALL the dust, dirt, threads and ravellings.
